Doctor Of Law

Degree Conferred On Harry Vaughn

Harry T. Vaughn, President of the United States Sugar Company, received the honorary degree of Doctor of Laws Sunday at the conclusion of Commencement exercises, where he was the graduation speaker, at Rollins College of Winter Park.

In his address to some 200 Central Florida adult graduates of the Rollins College Institute for General Studies, Mr. Vaughn stressed the necessity for planning for education, and that planning is necessary for education, and that all institutions affect favorably or unfavorably all other institutions, and that their efforts could be coordinated through planning.

But more than that, Mr. Vaughn added, "they should be related sensibly to the great private educational institutions of Florida."

A member of the Florida Council of 100, Vaughn is a vice-president and director of the Florida State Chamber of Commerce, is a member of "The Committee of 100" Palm Beach, and is president of the Florida Sugar Cane League, Inc. He is a member of the Board of the Florida East Coast Railway.

Vaughn, a resident of Cleveland since 1926, was named recipient of former Governor Francis B. Sweeney's Certificate of Recognition as the Community's Most Outstanding Industrialist. He is a member of the Board of Directors of the Agricultural Advisory Council and serves on the Agricultural Committee of the Florida State Chamber of Commerce.

Born in Monongah, Louisiana, Vaughn attended public schools in Houma, La., Tulane University in New Orleans, and Louisiana State University at Baton Rouge. He entered the sugar business in Louisiana as a chemist in 1919.

In 1929 Harry Vaughn joined the predecessor company of United States Sugar Corporation as chief chemist. He served the company as assistant superintendent, superintendent, vice president, in charge of the Sugar House, vice president and production manager, vice president and resident manager, and executive vice president.

The Rollins speaker assumed his present position as president of U.S. Sugar in 1958. He is a member of the Board of Directors and the Executive Committee.

Victor Greens Move To Costa Rica

Dr. Victor Green, his wife Ada and son Philip, nine, left Friday morning May 28 by plane for San Jose, Costa Rica for a two-year assignment with USAID, as Agronomist.

Dr. Green is under contract with the University of Florida's Institute of Agricultural Science cooperating with USAID, and Costa Rican Ministry of Agriculture. He will be occupied with planning better yields in basic food crops, including rice, corn, black beans, white potatoes, sorghum, and other forage crops.

The Greens have been improving their Spanish with Mrs. Lillian Fromm and Mrs. Sara Molina, as communication in the new home will be in Spanish.

Miss Judy Green is stationed at the Brooks Army Medical Center, as a Technician. The Greens address is USAID - U of Fla Contract, c/o

1,000 Cars Lost—

Weather-Wirtz Reduce Movement

The winds and weather knocked the bean and cabbage movement from the Glades; neither wind nor weather helped escarole and lettuce; corn experienced more favorable weather and wind, for there is a gain in carlot equivalent movement by 837 cars — 8,047 for this year as compared to 7,210 for the same time last year.

Mr. Wirtz play for organized labor and the promotion of foodstuffs is followed by a loss of 261 cars of celery so far this year as compared to last—9,730 cars last year against 9,469 to same date this year.

Despite wind, weather and Wirtz a gain of 297 cars of sugar and molasses is shown when compared to last year, but more sugar and molasses would have been shipped had sufficient offshore labor been furnished the growers.

Of the 14 vegetable moved in carlot equivalents, four gained in volume and seven lost.

The following figures reflect the movement, this week

Stage Set For Big Tax Increase In 1967

Education To Get Blame, Roberts Reports

By Rep. E. S. Roberts

The regular session of the Florida legislature ends Friday, June 4. I find it most difficult as we complete this final week to analyze the good this session has accomplished. We have passed fish bills, tree bills, turtle bills, animal bills and various local and general bills which may or may not be needed. I am sure that state could have continued to exist without passage of much of this legislation.

After a slow start the pace of this legislature increased considerably and at this writing more bills have been introduced and passed when compared to a similar period two years ago. It was apparent from the beginning that a strong effort would be exerted to hold spending within the estimated income the state would receive under the 1965-67 biennium. Although a number of bills have been introduced pointing out the increase needs of the state, particularly in education, other county and municipality problems, the power structure

trolling the legislature with concurrence of the executive department, held tight reins on any bill being voted out of a committee which expended any large amount of general revenue funds.

All the legislature has done is to set the stage for a big tax increase in 1967 and place the blame on education. I have repeatedly said this is unfair and I hope that in 1967 when this starts to happen, our education leaders will point out that with more consideration from the 1965 legislature a big

Wirtz Indignates West Palm CofC

The West Palm Beach Chamber of Commerce has passed a resolution in which it "does hereby express its indignation with the aforementioned policy of the United States Department of Labor, and the manner in which said policy has been carried out."

The aforementioned is spelled out as, "prohibited the utilization of needed West Indian

workers for the imminent harvesting."

Congressman Paul Rogers, Senator Holland and Senator

Roberts are commending "for their achievement in forestalling an economic crisis."

Many have expressed their

displeasure in West Palm for this consideration for their "country kin folks."

tax increase in 1967 could have been avoided.

The 300 million dollar road bond program probably takes precedence as the major publicity bill of the session although the whiskey price fixing bill that was killed ran a close second.

With the legislature immediately going into special session on reappointment this Saturday, tensions are increasing among both big and small county legislators. It is true that many bills have been introduced by small county legislators tying down race track

funds plus other bills seeking special projects which under a reappointed legislature they could not pass. The first break occurred this week in the agreement not to take up any matters on reappointment when a memorial to Congress, introduced in the House, asked Congress to call a constitutional convention to allow one House of Legislature to be reappointed on other factors than population. Although I support

the principle, I do not consider this legislature fairly apportioned and therefore it is not right for them to make this request, voted against the Memorial on this basis. I do not look for reappointment to bring any radical change to our state government, but should afford some relief to urban areas by giving more representation.

Palm Beach County did not gain a great deal from this session, although if State Road 80 is four-laned a major accomplishment to saving lives will be made. Also the provision of capital outlay projects for our Everglades Experiment Station, Florida Atlantic University did not fare too well due to its enrollment not coming up to prediction. Practically all bills submitted to the delegation were passed, although a few became somewhat controversial.

I am most grateful for the cooperation and assistance given me by the citizens of Palm Beach County during this session. I apologize for being unable to reply to the hundreds of letters and telegrams written me over the past three months and hope to answer many of these in the near future.

End of the Sixth Term —

A Score Of Graduates Honored At St. Philip Benizi Banquet

A graduation banquet for a score of Catholic graduates from Belle Glade and Pahokee High Schools was highlighted by a heart-warming speech from Mr. E. A. McCabe, guest-speaker, and suggested guidelines from the pastor, Father Francis X. Fenech.

The graduates were told that it will not be long before they will have to make a choice; and once they make it, they would not be able to change it without a penalty. "Choose your friends carefully and thoughtfully. Friends can make you or break you," they were warned. McCabe reminded the graduates that those who get a good start in a race have the best chance of winning. The prudent advice of the parents, priest and teachers might be important in their plans for the future.

Father Fenech remarked that the most important choice of all is that of one's friends. "Don't choose your friends, your way of life, your future, your career, your life, your health, your happiness, your help you live your faith," he warned.

This banquet was sponsored by the Sister Societies of Belle Glade and Pahokee. An especially blessed rosary encased in a plastic graduation miniature cup was presented to each graduate, together with an identification card.

Mr. R. E. Hotard was the master of ceremonies for this occasion.

Mayan Civilization Is Subject of Study At Belle Glade Boy

On the program were Michael Abney, Pat Burke, Winston Byrd, Peggy Carpenter, Nancy Creech, Mark Gressington, Suzanne Hill, Lisa Hooker, Byron Lipe, Lisbet, Lois Motes, Steve Rice, Cheryl Richardson, Scotty Shirley, Mary Lynn Shubert, Mike Stevens, Judy Vindracek, Mitchell Weeks.

The annual Camp Meeting of the Florida Conference of Seventh-Day Adventists will be held June 4 from 7:30 p.m. through June 12, 9:30 p.m. on the Forest Lake Academy campus on state highway 436, west of Forest City.

This is the largest and most important regular convention of Florida Seventh-Day Adventists. Approximately 1200 people will live on the grounds in tents each evening. The dates are June 7-16, the same as the regular morning Vacation Bible School.

Planning to attend some of the sessions from the Glades area are Dr. and Mrs. Randolph and Mrs. Sarah Norman from Clewiston; Mrs. Jack Cook and children, and Mrs. F. G. Mayo and daughter, of Belle Glade; and Mr. and Mrs. Floyd Erickson and family of Lantana.

Meetings will be held throughout the day and a graded program for children and youth is carried on daily.

The main preaching services are at 11 a.m. and 7:30 p.m. The keynote speaker will be H. H. Schmidt of Forest City, president of the Florida Conference of Seventh-Day Adventists. He is the spiritual leader of the state as well as the administrator of the headquarters organization. He has held this post since 1957. Prior to that he was pastor of the Miami Temple Seventh-Day Adventist Church.

Other outstanding speakers will include W. A. Fagin of New York City, speaker and director of Faith for Today; H. M. S. Richards, Los Angeles, California, speaker of the international Voice of Prophecy radio program, accompanied by the "King's Herald's" radio quartet.

Mrs. Richard Cussack, mother of Mrs. O. W. Prescott of this city, passed away last Tuesday at St. Rita Hospital, Nova Scotia, Canada, after an extended illness.

Services were conducted Friday morning at St. Joseph Parish Church at Reserve Mines, Nova Scotia.

Survivors in addition to her daughter are one son Eddie Cussack and one granddaughter, Kathy.

Mrs. Prescott had spent two weeks with her mother and had recently returned home.

Marking the last meeting of the Belle Glade Garden Club until fall, will be a luncheon meeting at the home of Mrs. C. J. Aspey at 12:30 p.m. June 3. The new officers will plan and discuss programs for the coming year and Mrs. Neuvel Gaskill will preside as the new president. The contest: Summer Arrangements and Hibiscus Specimens.

Following the meeting the ladies will enjoy a swim party in the Aspey pool.

Hostesses will be Mrs. Aspey, Mrs. R. W. Kidder, Mrs. Dora Watson.

The club will resume the regular meeting in September.

First Church Of Christ Scientist

The healing of the "man which was taken with a palsy" told by Luke (ch. 5) will be featured in the Bible Lesson to be read at Christian Science services Sunday.

The Golden Text is from Psalms (145:9, 17): "The Lord is good to all; and his tender mercies are over all his works."

"The Lord is righteous in all his ways, and holy in all his works."

Selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include the following: "Immortal Mind is the only cause; therefore disease is neither a cause nor an effect. Mind in every case is the eternal God. Sin, disease, and death have no foundations in Truth" (p. 415).

The subject will be "God the Only Cause and Creator."

The People Support Right To Work

The second in a series of articles on Section 14 (b) of the Taft-Hartley Act and the Right To Work.

There is clear evidence that the majority of our people support the Right to Work principle. Indeed, support for Right to Work now appears to be enjoying an all-time high wave of popularity.

That this is so was shown in a nationwide, in-depth poll conducted last year by the highly respected Opinion Research Corporation of Princeton, New Jersey. That poll showed that 67 per cent of Americans support Right to Work. This figure is all the more interesting when it is noted that a 1956 survey showed that just under half of the population favored Right to Work. In 1962 the figure rose to 62 per cent.

In another poll taken in March of this year better than two out of three-Americans favored retaining Section 14 (b) and nearly two-thirds favored a Federal law making union membership voluntary.

Why, in the face of this nation-wide, non-partisan groundswell of support for voluntary union membership, are certain labor bosses so adamant in their demand for repeal of Section 14 (b)? The answer is power.

Under compulsory unionism, labor bosses are free of any real responsibility to their members. When a person is forced to join, forced to pay dues and not permitted a voice in union affairs, there is no checkrein on the union boss.

Of course, in defending Right to Work, we speak in terms of what we consider paramount — freedom of choice. But what of the other aspects of this question? What of the "bread and butter" arguments advanced by the union bosses in defense of compulsory unionism?

One of the most often heard comments is that the strength of the union movement, its very security, depends upon universal acceptance of membership. But it is a plain historical fact that unions have increased their power to such an extent over the past 30 years that they need have no worries about being secure. By supporting the Right to Work principle and the retention of Section 14(b) the American people show they clearly understand that when unions are headed by sound and honest leadership, they will thrive of their own accord. It is apparent that many union leaders would thwart the popular will regarding Right to Work in order to serve selfish personal and/or political interests.

Next: RIGHT TO WORK AND THE ECONOMY

AN INTERESTING COMPARISON

The rates charged for services performed by the Post Office are at all-time highs. The Department continues to operate on a massive deficit basis. Yet criticism of the quality of those services is approaching hurricane dimensions. As armies of irate customers have been charging, mails are delayed and packages severely damaged on what amounts to a wholesale scale.

Varied reasons are given for this critical situation. Increases in the volume of business done is one. More important apparently, has been the failure of the Post Office to adopt modern methods of handling mails and parcels. The Postmaster General is quoted as saying, "We have developed signs of hardening of the postal arteries."

Plans are under way to cure at least some of the Department's more serious deficiencies. Meanwhile, it's interesting to compare Post Office troubles with the service achievement accomplished by a private enterprise which must compete directly in the parcel-carrying business. That enterprise is REA Express. A few years ago, it seemed close to the verge of extinction. Then management aggressively overhauled its services and facilities from top to bottom. Vastly more efficient, dependable and simplified methods of doing business both here and abroad were adopted. The result is that REA is now a dynamic, going concern enjoying an ever-expanding patronage.

The point seems to be that when profound changes in procedures and methods are essential, private enterprise can move far more quickly and effectively than can a government agency.

Who Really Wants 14(b) Repealed?

The repeal of 14-B of the Taft-Hartley Law, denies the right of States to pass laws which allow workers to decide whether or not they will join a Union and pay dues!

The urging of this repeal is the strongest evidence that labor Unions are afraid to depend on Unionism selling itself to the general workman.

The President's urging its passage despises a heretofore accepted opinion of our President's generally fair thinking; The President's urging the repeal of 14-B taints a promulgated air of Church righteousness dating back to high school days; he wandered into the councils of selfish, unpatriotic Dictators, looking for VOTES— and now he must violate previous thinking, as indicated by his own votes on legislation, to ask Congress to repeal 14-B.

Government reports tell us in the 19 states having "Right-To-Work" laws, unemployment is lower than in others and gains in personal income are greater.

All of these arguments may be cast aside for the one that the repeal of 14-B sweeps away individual rights of workmen; it completely disregards States Rights; it rounds out the polishing of Washington's CON- TROLLED SOCIALISM!

Controlled Socialism is a Siamese twin of Communism, and they may not be disjoined with hopes of survival.

WHITE YOUR CONGRESS- MAN AND SENATORS — anybody's Congressman and/or indicate your own wishes. They want these letters, for they help them represent YOU in the Halls of Congress!

AND AS PRESIDENT OF ALL THE PEOPLE

New York Daily News—May 19, 1965

Uncle Dan Says

The fellers at the county store Saturday night was seeing up the loose ends, sorter taking up where the Congress left off when they went home for their customary 4-day weekend.

Bus Hookum reported he had went out to the mail box Friday morning hoping to get his refund from the Internal Revenue folks and all he got was a couple more of them cards punched full of holes telling how much he owed and his bulletin from the Department of Agriculture. He said he put the cards in the refrigerator for safe keeping and set down on the front porch to read all about the agriculture situation as diagnosed by them armchair farmers in Washington.

They was one item of interest, he reported, in the bulletin. It announced the U. S. potato crop was the smallest since 1958, was 25 million 100-pound bags under the last 3-year average, and the 1.3 million acres harvested was the smallest since the Civil War.

Ed Doellittle said he had been reading the same thing and had saw where the potato brokers was having to order potatoes for safe keeping at \$9 a bag to supply their customers. Ed blamed it on the Democrats, saying he could recall back in 1950 when the Democrats had farmers painting potatoes green, soaking 'em in kerosene and burning 'em to cut down on the supply. And now, allowed Ed, the Democrats has got 'em so scarce and high the feller that grows 'em can't even afford to eat his own potatoes.

Clem Webster was taking up for the Democrats, said now that potatoes was so high and scarce the American people would have a new respect for the potato and would be more grateful for their blessings. Everthing, Mister Editor, at the country store final gits down to politics, from the price of potatoes to the parson's wig again. And it's beginning to look like both the parson and potatoes was losing.

Zebo Grubb reported he was on a diet, couldn't eat potatoes, wasn't interested now. The great problem in this country today, claimed Zebo, was gitting a little safety on the highway. He said he had a plan that had thought to be took up immediately in Washington, Zebo allowed as how the Congress should suspend all traffic laws and regulations for one week-end ever month. Careful drivers would be required to stay

Re: Labor Needs

Rogers Urges Attorney General To Get Information From Ag. Dept.

During debate on the Agriculture Department Appropriations Bill in the House of Representatives today, Congressman Paul Rogers called on the Attorney General to seek the advice of the Agriculture Department in regard to P. L. 414 for agriculture labor requirements, rather than the Department of Labor which "simply is not competent to render agricultural opinions on the maturity of a crop or the kind or number of people or the need for the harvest."

Pointing to the recent situation in the celery farms of South Florida Rogers said, "Emergency action was needed in this situation, with crops already rotting in the fields and the labor being needed for reparation. The Attorney General was

standing cooperative and understanding of the problem. Under Public Law 414 he is charged with the responsibility of administration of the immigration laws on agriculture workers."

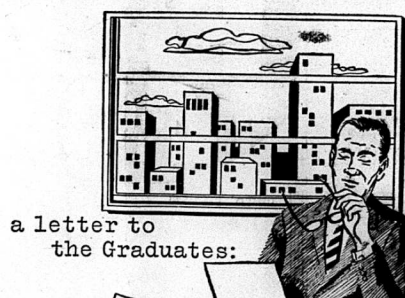

"By practice, the Secretary of Labor has been consulted as to the availability of domestic farm workers. I am sure that our experience this year has proved the need for new procedures. Full consideration must be given the advisability of requesting the views of the Department of Agriculture on the need or justification for off-shore farm labor."

Rogers again called to the attention of the Congress the current circumstances cannot be assured with the domestic farm labor programs we have

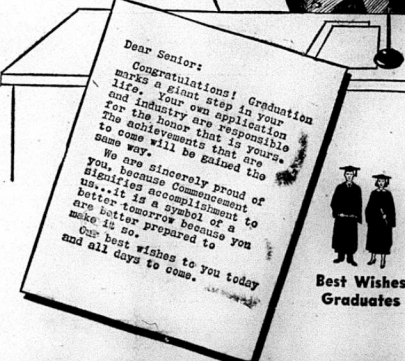

had in the past." The Florida Congressman repeated this warning, and he indicated his support for improved efforts to recruit and train domestic unemployed workers to perform jobs needed on the farms.

Nothing, however, that crops will be lost and domestic workers put out of work unless corrective action is taken, Congressman Rogers urged the Attorney General to seek information on the need for off-shore labor directly from the Agriculture Department.

You and each of you are hereby notified that you are required to present any claims or demands which you, or either of you, may have against the estate of Eppie Seyler, deceased, to the County Judge of Palm Beach County, Florida, within six calendar months from the date of the first publication of this notice. Each claim or demand must be in writing in duplicate and must state the place of residence and post office address of the claimant, and shall be sworn to by the claimant, his agent or his attorney, or the surety, and become void according to law. If not so filed shall be void.

**THIS FINISH...
IS ONLY A
BEGINNING...**

We are proudly proud of you, Seniors... because in addition to your fine scholastic achievements, we know you view your graduation, not as the end of wisdom but as the beginning.

With this confident attitude, your future should be bright with success and opportunity. We extend our best wishes to you at this special occasion.

'65 Ramblers Have New Look

After many weeks of wait and anticipation, the RAMBLER has finally arrived. It was shipped May 19th from the Taylor Publishing Co. and arrived here early this week. At the assembly on May 27, the RAMBLER was displayed to

the whole student body. The Journal class with the assistance of Mrs. LaFlam presented the program explaining the new and unique features of the 1965 annual. For outstanding help & service rendered through the years, the 1965 RAMBLER was

Gary Mann Receives W. P. Risk Award

In end of school activities Gary Mann has been named as

recipient of the W. P. Risk Award. This award signifies being named the outstanding Belle Glade High School basketball player of the year, 1964-1965. Gary's name will be added to the plaque on the trophy along with previous winners. This trophy is permanently displayed in the school trophy case. Coach Therrell Luke in making the announcement, cited Mann's accomplishments during the year. He was the team's leading scorer with an average of 17.42 which placed him among the top scorers in the Suncoast Conference. He was the team's third leading rebounder and second in number of free throws made. As a fitting climax to Mann's high school career he was elected to the All-Suncoast Conference team and nominated by sportswriters for the Class A All-State team.

Tribute To Senior Teachers

As the end of our school year comes, the senior class of '65 can think back to the many years that have played an important role in helping us through our lives at Belle Glade High School. Of these many factors, we realize that the help, instruction, assistance, and understanding that we have received from the teachers has been very beneficial to us. The students would like to, extend their thanks especially to the sponsors of the Seniors Class and to the teachers who have instructed Seniors this year.

MRS. CLINE, we know that English IV was difficult; this year, but you have been the kind of teacher that we have respected and were eager to learn from. Because we learned while having fun, Speech class will never be forgotten. We also thank you for directing the senior class play and for planning such a major part in planning our Senior activities.

MR. RAGAN, we are sure that there have been many trying times in our Contemporary History and Business Math classes, but we do appreciate your patience and instruction this year.

MR. FORTENBERRY, who has worked with the D. C. T. students, has assisted many Seniors in planning for their future. This assistance which will be remembered throughout many Senior's lives, we will always be thankful for.

MR. JANTER and MR. RASCO, who have instructed us in business knowledge, we are sure that we will be able to use this knowledge in our future jobs. MRS. LITCHFIELD, we thank you for the guidance we have received in Home Economics. With this knowledge, we are

sure to be outstanding homemakers in the years to come. MR. STEVENS, MRS. SMITH and MRS. EARWOOD, we know that teaching us Humanities was a hard job because we had a difficult time learning it. We know that we will use this knowledge plus that received in Band, Latin and Art. MR. BOWERS, MRS. STEVENSON, MRS. LAFAM, MRS. PIERSON, MISS SCHWAB and MR. HAYES, we are also grateful for the direction that we have received in your classes. To the principal and entire faculty, we will ever be grateful for the assistance, guidance, understanding, and instruction that we have received at B. G. H. S.

THANK YOU!

Correction

The following names were omitted from the article naming our Senior winners last week. Receiving science certificates were: Joann Harris, Bill Phillips, Joyce Bradow, Glenda Haines, Mike Wilson, Glenda Shurley, Dawn Hill, Wink Williams, Jean Jackson and Henriette in Grand.

Mike Wilson also lettered in track. From wake-up time until bedtime, your eyes are always open. Think about this a moment. Your most valuable possession is your good eye sight. Don't shut off the beauty around you by carelessness in your every day duties. A simple accident can cost you the sight of an eye. The Florida Council for the Blind warns. For eye disease and care, write or telephone your nearest State Agency office.

Senior Privileges

Taking a turn toward sophistication, the seniors dressed in their "Sunday best" last Thursday. Wearing suits and ties, the boys spent the day as "perfect" gentlemen. The girls were dressed in Sunday dresses with heels. This sophistication, however, reversed the next day. Friday, the Seniors came ready for summer vacation. Wearing Bermuda attire and tennis shoes, they were the envy of the underclassmen. "Dress-up-day" and "Bermuda shorts day" were two of the seven privileges granted to the Senior class of 1965.

Who Is It?

Does this picture stump you? It really had the students guessing. While you're trying to figure out who it really is, read some of the comments made by the students. GERALD WATSON — "Let me think. I know exactly who it is. Who is it?" JIMMY McGUIRE — "Bet it's me!" JIMMY JACKSON — "I know who it looks like but I can't think of her name—so." PAUL LLEWELLYN — "There's a fork in her hair. Did you notice that. Get an unducted guess." RAYMOND TRAMMELL — "Gosh! She's familiar. Wonder why she's got her mouth wide open? She's cute!" BREDA PREVATT — "Gosh! I don't know. She's cute. Cynthia I don't know. Is the only person I know the book and obtain auto graphs." LEE ANNE BERRYHILL — "Is it somebody I know? It kinda looks like Cynthia Nutt."

During the last four years of high school, six Seniors have maintained a 3.5 or better average. This group is known as the honor students. It consists of Lee Anne Berryhill, Irene Ashley, Kathryn Zwicki, Linda Drawdy, Susanna Wierengo and Suzanne Williams. Lee Ann Berryhill has attained the highest average in the Senior Class through her Freshman, Sophomore, Junior and Senior years. She is a member of the Beta Club and a cadet teacher in P. T. A. She plans to attend the University of South Florida and become an elementary teacher. Susanna Wierengo, a member of the Beta Club and Glee Club, is planning to attend Young Harris in north Georgia. Suzanne is vice-president of the

Beta Club. After College she is planning to be a history teacher. Irene Ashley, who is the secretary of Beta Club, has participated in many activities of the Senior Class. As vice-president of the P. T. A., Irene is active in all of its projects. Her future plans include going to college at Florida State University, and after completion, the plans to teach exceptional children. Linda Drawdy, another active Senior in the D. C. T. program, sponsored by Mr. Wayne Fortenberry, Linda is training at Glades Medical Clinic. She has plans to attend Palm Beach Junior College. Suzanne Williams, a member of the Beta Club and Glee Club, plans to attend Glades Newman after she graduates. Suzanne plays a French Horn in the Belle Glade

Farewell Seniors Of '65

It is with humility that I express to you farewell tidings. Unless you have paused and tried to remember the many accomplishments; yes, and failures of a group of 113 young men and women, you can imagine the vast responsibility of putting into words our feelings. Of course, we sincerely hope that our leadership, teaching and guidance will provide the basic foundation for a most successful career and a full and happy life.

Having difficulty in finding the proper words, may I borrow from a close friend, Mr. C. H. Hayes, a message which I feel conveys the important assets that we, the staff, hope you have acquired and we wish we had known:

HAD I KNOWN Having passed the first three-score and 10 years of my life, and that has escaped from the hour glass of life the clearer and realizing that the more we should see through it, I find myself prone to meditate and philosophize.

My life has been rich. But there have been regrets, regrets which you too will experience in time. These regrets can largely be grouped as "things I wish I had known before I was 21."

I WISH I HAD KNOWN what I was going to do for a living, what my life work would likely be.

I wish I had known that my health after 30 was largely dependent on my eating habits before I was 21.

I wish I had known how to acquire my money.

I wish I had known that a man's habits are hard to change after 21.

I wish I had known that the harvest depends so much upon the seeds sown.

I wish I had known you cannot get something for nothing.

I wish I had known that the world would give me just about what I deserved.

I wish I had known the folly of not taking the advice of older, wiser people.

I wish that I had known that Dad wasn't such an old fogey after all.

I wish that I had known that everything Mother wanted me to do was right.

I wish that I had known what it meant to Mother and Father to raise a son.

I wish that I had known more

of the helpful and inspiring parts of the Bible. I wish I had known the tremendous value of the opportunity and the joy of serving a fellow man. I wish that I had known that there is no better exercise for the heart than reaching down and helping people up. I wish I had known that the "sweat of my brow" would earn my bread. I wish I had known that thorough education brings the best of everything else. I wish I had known that honesty is the ONLY policy, not in dealing with my neighbors but also in dealing with myself and with GOD.

I wish I had known the value of truthfulness in everything. And today I wish I knew the formula for impressing YOU and other young people that life is a mirror which will reflect back to you what you think in it.

If we, the Belle Glade High School staff, have contributed in some small way to your better equipped for life by knowing and understanding more fully those values which we did not know, we are thankful. May God's guiding hand be with you throughout a whole and profitable life is our desire.

Cubans Present Flag At Class Night

As the school year comes to a close, the Seniors are congratulated by many activities. One of the most fun-filled is Glass Night. It has passed by, but the memories will remain in the minds of the Seniors forever.

As part of Class Night, the Seniors presented skits on activities from primary to senior

high school. A few of these were the enjoyable recess, the May pole dance, the 7th grade class and many more. The Seniors were dressed to "suit the Situation." Remembrance of the Suncoast Conference Champions was shown by the enthusiastic Senior pep club and Senior Cheerleaders. The rustling of gowns swaying to the music of "Enchanted" recalled the Junior-Senior prom of 1964. "Enchanted" Last but not least of the skits was the Senior roll call. This long roll call was conducted by two teachers Mrs. Helen Cline and Mr. Joseph Hayes. During the roll call each Senior was recognized for a club or skit of activity.

It is traditional for the Senior Class to give the Flower chain to the Junior Class. The presentation was made by Don Wilkinson, President of Senior Class to Jimmy Jackson, President of Junior Class. Don made a speech on the symbolic meaning of each of the colors of the flower chain.

George Pinon presented a sincere speech on the desire to return to a free Cuba. As a token of his appreciation for all the guidance and understanding he and other Cuban Students has received here at Belle Glade High, he presented Mr. Morris with a Cuban flag. After the presentation of the Cuban flag, Mr. Morris presented the winners with the awards.

New F. H. A. Officers

The election of the 1965-66 officers for the Future Homemakers of America was held on Monday, May 17. Nine new officers were elected for the upcoming year. Officers are Sherri Barnes, president; Karen Dexter, vice-president; Sharon Walk, secretary; Barbara Decker, treasurer; Frances Collins, parliamentarian; Margaret Cross, historian; Diane Shiver, public relations; Margaret Thompson, recreation chairman; and Laona Felsing, project chairman.

The Future Homemakers of America held their Mother-Daughter Banquet on May 24. This potluck supper, for which the girls cooked their mother's favorite dish, was in conjunction with the installation of the new officers. After the candle-light ceremony, which started at 7:00, the regular business meeting began. With the adjournment of the meeting, everyone began eating.

Unsung Heroes

The Beta Club of BOHS is proud to have in its club 18 seniors who have maintained a 3.0 standing or above during their four years of high school. These students have not only kept their grades up, but they have also exhibited qualities of honesty, justice, service, cooperation, responsibility, industriousness, humility, and charity.

They not only excelled as scholars, but also in their extracurricular activities. Some are cheerleaders, some are band members, and some are DCT students. Others are on the annual staff, the football team, and in the FFA, and of course, they are all Beta Club members. All these students prove that a scholar is not necessarily a book worm or a socially dull person.

It is with great pride that the Beta Club points to these students and says that a person does not have to neglect schoolwork in order to participate in activities outside the classroom. These seniors are outstanding examples to the rest of the underclassmen and provide for the teachers proof that all students have not lost sight of why they come to school.

The members of the Beta Club of Belle Glade High School congratulate and recognize the following seniors:

- Irene Ashley
- John Bamford
- Lee Anne Berryhill
- Linda Drawdy
- Bill Forsgren
- Janet Hotard
- Dorinda Kelsoe
- Ronny Lee
- Lynda Long
- Terry McWhorter

High School Band, and sings in the soprano section of the Glee Club. Kathryn Zwicki is a member of the Ram-Page staff and is a member of the Beta Club. Kathryn will attend Florida State University. She is an active member of the Beta Club, and is undecided about her vocation.

Another group who deserves recognition is the high-academic group. This group has to maintain a 3.0 to 3.49 average over four years. It includes: Roy Burch, Billy Forsgren, Alice Rashley, John Bamford, Janet Hotard, Ronnie Lee, Lynda Long, Colita Poff, Dorinda Kelsoe, Cynthia Nutt, Olella Sanchez, and Terry McWhorter.

NOTICE OF PUBLIC AUCTION

NOTICE IS HEREBY GIVEN that the Board of Supervisors of SOUTH FLORIDA CONSERVANCY DISTRICT will offer for sale at public auction to be held on the 9th day of June, 1965, at 40 S. E. Avenue E. Belle Glade, Florida, the present office site of the District which is legally described as:

Lot 30, Block 1, less road right of way, REPLAT OF HOLLOWAY ADDITION.

The sale will commence at 1:30 p. m. and continue until terminated by action of the Board.

The Board of Supervisors will sit in session to receive such bids as may be submitted. The Board reserves the right to reject any or all bids and further reserves the right to reject any bid which they consider not to have been made by a responsible party or not to have been made in good faith.

The bidders may submit sealed bids in writing prior to, or consistent with the scheduled bid date and time. All such bids will be publicly opened by the Board at the commencement of bidding, or when received, and the bids made a part of the record.

The Board of Supervisors will require the successful bidder to make a deposit of cash, or of a check satisfactory to the Board, in the amount of 10% of the bid accepted. The highest responsible bid will be considered the purchase price. The purchase price will be payable in cash, at the time of closing, which will be held within 30 days after the date of the auction.

Data Processing System For Student Testing

WEST PALM BEACH — County School Supt. Robert W. Fulton has announced a strengthened and improved data processing system for "more prompt as well as accurate" testing of students next school year in grades 4-12, it is announced.

The County school system switched to data processing this year. "We have carefully evaluated the problems experienced this year," he has told all principals. "and taken steps to eliminate difficulties." Mr. Fulton noted that additional equipment has been brought into the system "and our technical staff has been strengthened," he said.

The County School Board has approved plans for the following tests to be processed in the data processing department next school year which begins August 30. California short form test of mental maturity (Grade 4), California achievement tests (Grades 4-12), Stanford achievement tests, 1964 edition — tentative (Grades 7-9), and the Differential aptitude tests (Grades 8-11).

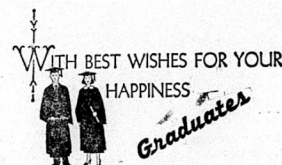

To produce a drug tranquilizer, the manufacturer must use 114 separate operations plus 136 tests. The process requires 31 different raw materials and takes 24 days to complete.

Four Seniors Receive Haydon Burns' Scholarships

The members of the Bobcat Page staff are proud to announce that four seniors, Mary Smith, Chester Kearse, Dorothea Brown, and Betty Brown, have received the Haydon Burns' Scholarships.

Mary Smith received a \$300 scholarship to Palm Beach Junior College, Chester Kearse received the Haydon Burns' Florida A&M University, Betty Brown received a \$200 scholarship to Gibb's Junior College.

Organization And Class Notes

Now is the time for the class of 1965 to bid adieu. Before the seniors leave, members of the classes and organization of Lake Shore High would like to congratulate them and express thanks.

The underclassmen, have found that the seniors were very nice to get along with. We have also found without them, there wouldn't have been many successful organizations.

The chorus sings its happiness for all of you; the band tunes notes of joy also; the Dredheads club dramatizes its loyal wishes as the D. C. T. Club wishes you god luck in finding a job.

Though these are but a few organizations named, we assure you that all mentioned ones share the same feelings of joy, devotion and happiness.

From the organization and classes . . . Good-bye! Good Luck!

CAPTAIN OF STUDENT PATROL SPEAKS

On behalf of the Lake Shore High School Student Patrol, we would like to express our appreciation to all of you who cooperated with us throughout this school term to make our organization a success.

The Lake Shore High Student Patrol will have fourteen seniors to depart from the organization, leaving eight patrols. The departing seniors are as follows:

Nathaniel Holloway
Willie Benjamin
James Brown
Cleo Sears
Robert Allen
Robert Butts
Earnest Cameron
Earl Harris
Noel Hamilton
Lamar Mullins
David Clark
Emma Davis
Novella Manley
Celestine Hollingsworth
We also would like to give thanks to our sponsor, Mr. Haywood Howard, for working so diligently with us.

Words Of Appreciation

I, Elizabeth Stewart, Associate editor of the "Bobcat Page" would like to express my gratitude to all the students who have shown an interest in the "Bobcat Page." Without your help it would have been impossible for us to publish a page each week.

You have proved that you have the ability to do well. Keep the good work up and you will succeed.

Being associate editor of the "Bobcat Page" has been an enjoyable experience for me. It has been tiresome at times, but I did not let my tired feelings get the best of me, instead I worked hard without giving up.

I am hoping that the students of Lake Shore High will continue the "Bobcat Page," in future years and make it a page not as good as this year's pages but better than the best editions of this year's pages.

I would like to express appreciation to Dr. White, Mr. James L. Houston, Jr., and the Progressive citizens for putting weekly ads on the "Bobcat Page." Each of us knows that advertisement is what helps defray the expenses of any publication.

I would like to express appreciation to Mr. Luther Jones, Mrs. Mathewson and other staff members of the Belle Glade Herald for being so tolerant, helpful and understanding as they have been with us, the staff.

Finally, I would like to thank Mrs. Mary T. Harden who undertook the task of supervising the editions of the "Bobcat Page" along with her many other responsibilities. I thank all of you for everything.

Junior Colleges Students' Hope For The Future

The college admission now is pictured as bleaker than ever before and sure to get worse. Some officials estimate 100,000 qualified high school graduates will be unable to get into college next autumn.

Many other youth are finding that the only institutions with room for them are hundreds of miles from their home towns involving expensive travel.

Enrollment in four-year colleges and universities now totals nearly five million, up more than 30 percent in the last five years. Almost all are crowded to the saturation point.

With the number of youths reaching college age accelerating steadily, the crisis is intensifying each year.

In this situation the only hope of high education for great numbers of young people may lie in the booming growth of two-year junior colleges.

Most of the growth has been in "community" colleges public supported institutions, with an "open door" admission policy and low or in some cases, free tuition. These now have 920,000 students. Another 125,000 are enrolled which nearly doubled the junior colleges enrollment figure in 1950. By 1975, enrollment is expected to exceed 2 million.

The U. S. has 719 junior colleges with 20 to 30 new ones opening each year. California, a pioneer in the field has nearly 100 more than any other state but the idea is spreading everywhere. Almost every state has new ones being built or planned.

Educators say that junior colleges have special and vital roles to fill in schooling present-day youth.

Most professional fields of course require a full four years of college or more. There is a growing need for "middle-level manpower" in semi-professional technical sales and other work for which two years of college are considered sufficient.

Junior colleges are also the major training ground for this area of occupations.

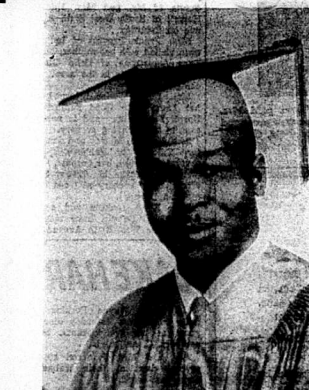

There are other critical needs being met by junior colleges according to educational authorities.

Senior Superlatives

Mary Smith, Valedictorian

Chester Kearse, Salutatorian

This week, the members of the Lake Shore High School family are proud to present as the last senior superlatives—the Valedictorian, Miss Mary Ann Smith, and the Salutatorian, Chester Lee Kearse.

Miss Mary Ann Smith was born December 5, 1947 in Ashford, Alabama to Mr. and Mrs. Sam Smith. Her hobbies, typ-

ing, singing, and listening to classical music, and she is a member of the chorus, Dramatics Club, N. H. A., Honor Society, and is assistant secretary of the Senior Class. Miss Mary Smith, who also reigned as Miss Lake Shore High for this school term, plans to attend Palm Beach Junior College and Florida Atlantic University where

she will major in Mathematics. Miss Smith's favorite teachers are the late Mrs. Frankie J. Holmes, and Mr. H. T. Howard. She is a member of Mt. Zion A. M. E. Church.

All of us wish her good luck as she continues her road to success.

Chester Kearse is a member of the D. C. T., and president of the club. He has little time for his hobbies, but he plans to become a business executive, beginning his work at Pratt Whitney.

Chester Kearse plans to attend Palm Beach Junior College and Florida Atlantic University. We wish him much luck.

organization at the school. He is a member of Mt. Calvary Baptist Church.

His hobbies are playing basketball, reading, and writing. He plans to become a business executive, beginning his work at Pratt Whitney.

Chester Kearse plans to attend Palm Beach Junior College and Florida Atlantic University. We wish him much luck.

Students Of The Year

This week is our (seniors) last week as students at Lake Shore. We would like to take up this space on the Bobcat Page to give special recognition to all students who met the qualification of "Student of the Week" and grant them with the title of "Students of the Year."

Seventh Grade

Charles Ogburn
Sharon Sheppard
George Kearse
Earnestine Brown

Eighth Grade

Sharon Butts
Freshmen

Helen Boone
Curtis Pierce
Catherine Lowe

Sophomores

Gwendolyn Lowe
Barbara Finney
Mary E. Freeman

Juniors

Joseph Johnson

Last but not least SENIORS, Emma Davis, James Brown, Mary Smith, Dorothea Brown, Chester Kearse, Ishai Walker and Elizabeth Stewart.

These students have shown initiative and contributed some of the best work of the year. We would like to say to all of the brighter and better. Some helped to get our band to the state, some played important parts in dramatic presentation, some even helped bring back trophies to Lake Shore High.

We would like to say to all of the continue to "Strive for Excellence."

Many students unable to enter four years of college as freshmen do well enough to junior college to warrant grants of aids to four year institutions for the third and fourth year.

Junior colleges offer adult education in evening courses permitting people with jobs to upgrade their education. Many community colleges are open 15 hours a day, six days a week all the year round.

Students with limited funds can attend public junior colleges for a fraction of the cost of most four year colleges.

Be in for a surprise. Oh well, I'm not snooping in this final issue. I hope you haven't gotten angry with me. I didn't mean to cause any trouble but I like to tell you before, I'm going to major in zoology. For this reason, if anything had passed me by, I would not have been practicing my profession, thing to make this year a little brighter and better. Some helped to get our band to the state, some played important parts in dramatic presentation, some even helped bring back trophies to Lake Shore High.

Granny's Last Advice . . .

Dear Friends,
Thirty six weeks have passed since I started trying to the best of my ability to help you with your problems.

I hope my advice has been helpful, for it was given with sincerity, and the hope that it would succeed.

To those of you who wrote and sent me problems that were not answered, I apologize for not getting to them. To those of you whose problems were answered, I hope that everything worked out for the good of all concerned.

The things that I have written, I think about them and apply them to your everyday modes of living.

Listed below are some things that I think you should always remember.

1. Never pretend to be what you aren't.
2. Set high goals.
3. Never make promises you know you can't keep.
4. Respect authority.
5. Stay aware of others feelings.
6. Be thrifty, honest, & kind.
7. Keep a neat and clean appearance.
8. Read as often as possible.
9. Control your temper.
10. Never force yourself on anyone.

As each day goes by and the tomorrow comes, you will find that life is forever changing.

And as we live, we are helped by the God of Life, I too may change like the stars on their continuous stairway to meet life.

Get closer and closer, My today not stand still.

Today, I am a senior and tomorrow I will be considered a young adult. But as juniors and underclassmen of this year, you must learn to profit by the mistakes of this year's seniors, and make yourselves better. Even though this world is forever changing and new problems are continuously arising, I feel that your intelligence will enable you to cope with these situations; and eventually solve your present problems and put what you have learned into practice, "Will it apply to you."

Well, my success, be yours for future years and may your efforts be blessed by the things you emit for tomorrow.

The Editor Speaks

It has been a unique and educational experience for me to serve as the first editor of a weekly school paper for the Herald. There are however, some opinions that I would like to express, hoping that you the reader will accept them for their worth.

First I would like to express my opinion concerning the responsibility of getting the paper out. I'm sure that the senior class, along with myself, feel that it has been an honor to supervise this project. We are grateful to the staff of the Herald for giving us this opportunity. However, I do feel it has been a strain upon us. Having no journalism class, we had to do twice as much work as we would have ordinarily. Our English class took the Bobcat Page up as an English Project doing Shakespeare, Milton and others a slight injustice. The work did by the English IV classes on the "project" was enough in itself for another class.

I would love to see this project continued for the next year, but not by an English class and one supervising teacher. If any class accepts this responsibility, it should be a journalism class. If it is not possible to get a journalism class, then the whole school, in the form of some organization, should be responsible.

Secondly, I think that school newspapers hamper the writing of the students if they can't write on major problems. This includes problems of national, local, and worldwide interests. Too often, in this case, thoughts were completely changed because somewhere along the line (the time, the word, the press) some part had been censored. When such happens, you may find the enthusiasm to write leaving the students. They may not want to write anymore, because they are denied a basic right. They cannot write what they feel.

You may also find some censors looking for trouble. The paper becomes monotonous, because the articles are the same. The fault doesn't always lie in the staff of the paper, it may lie in those with higher authority.

I'm sure that these problems can be solved. I hope they are, because although the seniors are graduating they still have a great interest in Lake Shore High. Many of them have expressed the desire to get the Belle Glade Herald and read the Bobcat Page at the schools they will be attending. They have faith that Lake Shore High will follow the path they have made. Don't let them down.

School clothes today and all is well, made well. Can't find anything to wear to school or after school? Well, now it's no more worry because we can wear shorts.

The long shorts are rather cool and look rather nice when they are being worn with the right colors.

Swim suits, two piece and one piece are being studied. Even this year. Everyone is wearing them — the old, young and middle aged but only on the beach and at the pool.

The sun back dresses are very stylish and you purchase them at most clothing stores.

The boy's look handsome when they are wearing the plaid shirts and shorts. They also look cool in the sandals which they have begun to wear lately.

Athletic Banquet Held

The Lake Shore Athletic banquet was held May 24, 1965 at the Lake Shore High School. The program started at 8:00 p. m. Coach Willie Irvin introduced the speaker. The speaker was known by most of the athletes because of his excellent coaching abilities and his team's winning the South East Atlantic football conference for two straight years.

Mr. Pompey, the speaker, has been working with athletes for a quarter of a century. He is now assistant Principal at Carver High in Delray Beach, Florida. After Mr. Pompey's speech awards were given to members of Lake Shore High Cheerleaders. These students receiving awards were Celestine Hollingsworth, Delores Denard, Rosa Jenkins, P. Davis, Barbara Andrews, and H. West.

During the 1964-65 football season, the Bobcats had three players to make the all-conference football team. They were James Freeman - all-conference end, Willie Benjamin - all-conference quarterback, and Leroy Glaze - all-conference guard.

The men's club gave trophies to football players, basketball players, and track team members. The awards were as follows: Willie "Bill" Jones - Most Valuable basketball player trophy, James Freeman - Most Valuable baseball player trophy, Charles Walker received a baseball player trophy, and Van Randolph received a track trophy.

The Bobcats had two players to make the all-conference basketball team. They were Willie "Bill" Jones and Willie "Bill" Benjamin.

During the conference tournament, Earnest Cameron, and Lee Luther Glaze made the all tournament team. Mentioned were the names of these students: Coach Willie Irvin received the Coach of the Year Award and Lee Luther Glaze received "The Training Hero Award" awarded by the Palm Beach Post-Times. Everyone present enjoyed this annual athletic affair.

**Modern Math a New
Feature In Summer
Enrichment Program**

WEST PALM BEACH—Classes in modern mathematics for seventh and eighth graders will be a new feature in this year's summer educational enrichment program, June 14 - July 23. It is announced by County Superintendent Robert W. Fulton.

"This will provide opportunities for junior high school students who are doing satisfactory work in traditional mathematics to learn about modern maths, and for others needing additional help in modern maths to gain the necessary facility in the subject during this summer program," Mr. Fulton said.

Applications for enrollment will be made through principals, it is stated.

Apply Now For Remedial Reading Summer Courses

WEST PALM BEACH — Remedial reading instruction will again form part of this year's summer educational enrichment program, in centers throughout the county, it is announced by County Superintendent Robert W. Fulton.

He said "Enrollment will be limited to about 20 students per teacher, and schools have been given the opportunity to recommend eligible students to attend the one-hour daily classes (except Saturdays and Sundays) which will begin June 14 and last through July 23."

All registrations have to be approved in advance, and applications must be completed and returned to Mrs. Marjorie Crick, 374 Debra Road, West Palm Beach no later than May 26. It is announced. Students need to be recommended by their teachers and principals.

PONCE DE LEON was portrayed by Isabel Gonzales and Billy Norris, president of Gove Elementary School's 6th Grade, starred as the Confederate Drill Commander in a special "Florida Under Five Flags" program presented by Mr. Capua's class.

Mom and Dad . . . no doubt you'll be pressured soon to approve purchase of a car by your high school student child. Here are some interesting figures as a guide: a study in one school showed that no straight "A" student owned a car; 15 percent of the "B" students owned cars; 41 percent of "C" students owned cars; 71 percent of "D" students owned cars and 83 percent of failing students owned cars.

Elena & Alberto Arellano in Belle Glade.
Con gusto publicamos la foto de Elena y Alberto R. Arellano, residentes que Key Biscayne, que pasaron este fin de semana en Belle Glade, visitando a sus sobrinos Fina y Pepe Larrondo.

Entre las amistades que vinieron a saludarla estaban Conchita y Jorge M. Bustamante, y Concha de la Vega. Después ellos visitaron a Sylvia Pedros de Silva, y siguieron camino a Clewiston, pasando el tiempo con Fina y Anillo Fernandez Morrell, sus hijos y nietos.

La Sra. Maria Antonia Freyre, esposa de Manolito Betancourt, salió el día 23 de Mayo hacia Venezuela, para reunirse con su esposo que está trabajando allá. Con ella van sus tres hijas: Maria de los Angeles, Maria del Carmen y Gloria Maria. Todos vecinos de Belle Glade desde hace tiempo. Serán extrañados mucho aquí.

El sábado 22 de Mayo la linda Olguita Pichardo tuvo un party para reunir al grupo de sus amigos teen-agers en casa de sus padres Olga y Gaspar Pichardo. Estuvieron de visita y bailaron con el toca-discos su prima Alicia Loret de Mola, Carlos Michelena, Norma Arias, Jorge Rodriguez, Felicitia Ojeda, Ernesto Sanchez, Gloria Telaraja, Richard Engrova, Estrella Alvarez, Armando Telaraja, Richard Engrova, Estrella Alvarez, Armando Telaraja, Lourdes Camman, Blas Marin, Noemi Nordelo, Pipo Campa, Sara Campa, Sara Hidalgo, Ruben Ledesma, Olga Richards, Luis A. Ramudo.

Maria Eugenia Sanchez, hija de Maria Balas y Eduardo Sanchez, cumplió 8 años, y reune en su casa el día 25 de Mayo, a algunas amigas y compañeras de colegio para cortar su birthday cake.

En la playa de Lake Worth se encontraron varios matrimonios y amigos de Belle Glade. Estaban allí: Angelica y Tony Martinez, Nena y En-

Rafael Larrondo

rique Puig, Luisa Roca, Sonia y A-mis Alvarez, Alicia y Alberto Loret de Mola, Hilda y Rodolfo Parrado.

Como era el cumpleaños de Tony Martinez Jr., Angelica su mamá le llevo un cake, dándole allí un "surprise party." Fueron sus amigos Jorge Bastanzur, Henry Puig, Ibrahim Abreu, Sonia Elena Alvarez, Vivian Martinez, Vivian Puig, Alicia Ma, Maria Elena, Vivian, Patricia & Alberto Loret de Mola.

De West Palm Beach se hablaban el Dr. Gabino Cuevas, su mamá Paula Cuevas, y sus tres niñas. También el Dr. Ramon Dominguez.

Manana día 4 de Junio tendrá lugar la graduación de la Clase Senior de Belle Glade High School, que tendrá lugar en el Gymnasio a las 8 de la noche. Los parientes de los Seniors tendrán tickets y se sentarán al frente del gym. El público está invitado a asistir.

La Banda de Musica del High School, dirigida por Mr. Fred Stevens, tocara durante la ceremonia.

Esperan en Belle Glade a la Sra. Laura Lockmiller después de la operación a que se sometió la semana pasada en el Hospital St. Mary de West Palm Beach. Se encuentra ya recuperándose.

Ella es la presidenta del Altar Society, y muy querida entre las señoras de la Legión de Maria, en Belle Glade.

La Sra. Concha de la Vega que goza de la estimación de todos aquí en Belle Glade, sufrió la semana pasada un enfriamiento que le trajo complicaciones en la pleura. Pero ya se ha recuperado del todo, alegre y fina como siempre.

El Sr. Ramon A. Torres y su esposa Rosal Torres, con sus hijos Ramon y Rosalinda, residentes de South Bay, desean hacer saber que regresan a Puerto Rico. Agradecen todas las atenciones que han tenido con ellos, y echaran mucho de menos a sus amigos de aquí de Belle Glade y South Bay.

La Facultad del Colegio Sacred Heart Academy de Tampa tuvo su graduación el día 28 de Mayo. Entre las muchachitas Latinas que se graduaron del High School, se encuentra la bella y estudiosa Mercita Casas Montalvo. Felicitades.

Ya termino su curso de 1965, en el Holy Names Academy de Tampa, Dulce Maria Tarafa, quien se encuentra de vuelta con su familia en Belle Glade. Y de Miami Hego Jose Perez Arias, de vuelta a Belle Glade, después de terminar este curso de estudios. Ya saben, a guardar los libros y feliz vacaciones.

Los miembros del MYF de Lake Harbor, dieron un viaje a Lantana Beach el sábado de Mayo, pasando agradable día nadando y en la arena. Entre los que fueron se encontraban Jorge Soto y varios muchachitos americanos.

La Sra. Alicia Bryans pasó

dos días en Nassau, el fin de semana anterior. Fue con sus hermanas Titi y Jorge Caballero, parando en el Emerald Beach Hotel.

En la Iglesia Gesu de Miami, el día 29 de Mayo se celebró la boda de la Srta. Cecilia Romaguera con el Sr. Ronald A. Schlagheck. La novia es hija del Sr. Joaquín F. Romaguera y su senora, de Miami, y graduada de Norte Dame Academy. El novio es hijo de Mr. and Mrs. John Schlagheck, también de Miami, y cursó sus estudios en el Archbishop Curley High School. El planeo seguir estudios en la Universidad de Florida. La pareja ira a residir a Gainesville.

El Sr. Sergio Pence y Sra. residentes de Miami, anuncian el compromiso de su hija Mary Linda, con el Sr. Ronald Elsworth Smith, hijo de Mr. & Mrs. Sylvanus Smith, de Gainesville.

La boda esta señalada para el día 21 de Agosto. Felicitades.

Marriages and Divorces Drop Percentage-Wise

The number of Florida marriages rose 49 percent during the last decade but dropped from 8.1 to 7.8 per 1,000 population, the State Board of Health says. In 1953 there were 28,804 marriages and 44,876 in 1964.

Everett H. Williams, Jr., director of the Bureau of Vital Statistics, said groomsmen averaged about three years older than brides; divorced grooms four years older than divorced brides and widowed grooms 10 years older than widowed brides.

There were 23,535 divorces granted in 1964, an increase of 19 per cent over the 19,706 in 1955. However, the rate per 1,000 population dropped from 3.4 to 3.1 — down 24 per cent, Williams said, however, it should be noted that prior to October 1957 Florida's law required only 90 days residence for divorce. Now it is six months.

The average length of marriages which ended in divorce in 1964 was 7 years. Minor children were involved in 53 per cent of the decrees granted.

Major legal causes of separation reported were: extreme cruelty in 18,627 cases, 79.1 per cent; desertion 3,852 cases, 16.4 per cent; habitual intemperance 623, 26 per cent; adultery and infidelity 189, 0.8 per cent; ungovernable temper 138, 0.6 per cent; and other causes 0.5 per cent.

"Learning by doing" is the 4-H way.

We hope good fortune and great happiness fill your future years.

Clubhouse Building Drive Underway By Women Civic League Of Belle Glade

The Women Civic League of Belle Glade, under the dynamic leadership of President, Amelia Houston, announces it plans to build a Clubhouse on the corner Southwest Avenue "E" and 12th Street. The proposed structure will have a large auditorium, kitchen, office, lounge for ladies and men, and dressing rooms. The club is also considering putting two (2) rental units above the clubhouse to help defray operation expenses.

This organization has been serving the Belle Glade area for twenty-three (23) years in all worthy projects with special efforts to aid the underprivileged. Their annual project is sponsoring a community Christmas tree with gifts of goodies to all the children. These ladies have been active in voter registration drives, local building projects, needed community projects, donated to the club's state scholarship for girls, sponsored girls at summer camp and began as early as 1947 to plan and be land for a day care center for children of working mothers.

Majority of the building fund is twenty-thousand dollars, (\$20,000). Many persons have donated money and you are needed to help reach this goal. All donations will be greatly appreciated. Donations of one hundred dollars, (\$100) or more dollars will be recognized in a unique and permanent way by the club.

Dear Bell Ringing Night will be Friday, June 12, from six (6) to nine (9) P.M. All club members are asked to meet at the Progressive Citizens Building at 5:45 P.M. to receive final plans. Citizens, please give generously when these ladies call at your home or business. They solicit your wholehearted support.

State Convention in Fort Lauderdale

504,000 Fishing Licenses Issued In Fla. 1963-64

An analysis of fishing license sales for 1963-64 indicates that 374,415 residents and 130,123 non-residents purchased licenses to fish in Florida's fresh waters. When the analysis of license sales is a good indication of the number of fishermen it does not reflect the true fishing pressure as a license is not required of children under fifteen, residents over sixty-five, persons fishing in the county of their residence with a cane pole or salt water fishing.

A nationwide survey conducted over five years ago indicated that one man in every four and one woman in every ten fished at least one time a year, and Florida exceeds this national average because of fishing opportunity. The survey indicated a trend in growth of the number of fishermen each year.

A can of worms, cane pole, hook, line and sinker may be purchased for a few dollars. A deluxe casting, spinning or fly fishing rig will cost considerably more. Regardless of how or where it is spent, the fishermen dollar is an important one to the economy of a community or state.

Summer Lunchroom Training Programs

WEST PALM BEACH — This year's annual summer in-service training program for Palm Beach County school lunchroom employees will be desegregated this year, it is announced.

Director of School Lunch Program Mrs. Jane Lanning said, a record 300 employees had this year applied for the course which for the first time will be held in three centers. In previous years only two centers have been used — one for whites and another for Negroes.

This year's desegregated programs will be at Forest Hill High School, West Palm Beach June 14-25; Westward Junior High School, West Palm Beach, July 15-16, and Dove Elementary School, Belle Glade, August 2-13.

Details of the programs, yet to be announced, will list special consultants and special programs sponsored by various private corporations.

The courses include both practical cooking demonstrations, and proper lunchroom, administration procedure, and use of equipment.

Over 1,000 PTA members from throughout Florida will meet at the University of Florida on June 8-11 to discuss values in today's changing world.

PTA officials and university professors will discuss factors affecting values in the family, community and world as well as the objectives and policies of the association.

This will be the 29th annual Short Course in Parent-Teacher Leadership held in Florida. It is conducted by the Florida Institute for Continuing University Studies and is sponsored by the Florida Congress of Parents and Teachers.

Principal speakers for this year's course include a national PTA officer, a University of Michigan professor of psychology, the director of rural projects for VISTA, and the president and president-elect of the Florida Congress of Parents and Teachers.

In addition to the speakers there are over 50 workshops throughout the four-day conference in various areas of PTA program activity and leadership responsibilities.

Mrs. Myron Blee, Tallahassee, PTA national legislative chairman, will speak at the opening session on "Focus on a

Changing World." The next two evening sessions will feature talks on family life by Dr. Elton McNeil of the University of Michigan.

Mrs. Nathan Rubin, Pensacola, president of the Florida Congress of Parents and Teachers, will talk on the policies of the PTA and Mrs. G. L. Barnard, Tampa, president-elect, will speak on PTA objectives.

A closing address on "Community values will be delivered by Miss Velma Linford, Washington, D. C. who is director of rural projects for VISTA in the Office of Economic Opportunity.
